

Loan Payments from External Accounts

How to Transfer Money from Another Financial Institution

1 Log in to Online or Mobile Banking.

1.5

If you are using an external account for the first time:

- In the **My Accounts** module, select **Add External Account**.
Note: In mobile, select the plus button in the External Accounts section to add an account.
- Select **Link a New Institution** and search for the institution with your external account.
- Follow the prompts to enter your credentials and select which accounts to link.
- After the account has been linked, you can view, edit or delete your external account right from the home page!

2 Select **Move Money > Transfer Money**.

3 On the **Make a Transfer** page, use the **Make a Transfer** section.

4 Select your external account from the **From Account** drop-down options, your loan from the **To Account** options, the Amount, Scheduling Option, and Description (**optional**).

5 Click **Confirm**.

Note: Transfers from external accounts to WECU accounts can take up to 5 business days to process.
