

Choice and Secured Variable Visa Credit Card Interest Rates and Charges

Annual Percentage Rates for purchases, balance transfers, and cash advances will be between:

9.9% - 19.9%

This APR is based on creditworthiness and will vary with the market based on the Prime Rate.

To avoid paying interest on purchases, pay your new balance for purchases by the 10th day of the month following the billing cycle. We will not charge interest on new purchases if paid before the due date.
