Cleared Check Copies	50+ items: \$.30 per check
Deposited Check Copies	20+ items: \$.75 per check
Account Research	\$15.00 per hour

**Compounding and Crediting.** Dividends are compounded and credited quarterly for Business Savings, and monthly for Money Market Checking. The Dividend Period for all dividend bearing accounts begins on the first calendar day of the dividend period and ends on the last calendar day of the (monthly or quarterly) dividend period.

**Balance Information.** For Money Market Checking, the minimum balance required to obtain the stated Annual Percentage Yield is set forth above. If the minimum balance is not met, you will not earn the stated Annual Percentage Yield. For Money Market Checking accounts, the minimum balance requirement and dividends are calculated by the daily balance method which applies a daily periodic rate to the principal in the account each day. For all Savings accounts, dividends are calculated by the average daily balance method which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is determined by adding the full amount of principal in the account for each day of the period and dividing that figure by the number of days in the period.

**Account Limitations.** For Money Market Checking accounts, transaction limitations apply; the minimum withdrawal amount is \$100 per transaction.

The rates appearing in the attached Schedule are accurate and effective for Savings and Checking Accounts as of the effective date. Fees could reduce earnings.

1. APY = Annual Percentage Yield.

2. Rates are subject to change after account opening. Opening deposit required. To earn the Business Checking bonus rate of 1.00% APY on balances up to and including \$1,000 (for Simple Checking) or including \$5,000 (for Savvy Checking), and 0.05% APY on balances over \$1,000, you must have ten (10) debit card transactions posted and cleared monthly. If this account requirement is not met, the rate will be 0.05% APY. Fees may reduce earnings.

3. Earnings credit rate (ECR) is a variable rate subject to change at WECU's discretion. It is applied to the monthly average collected balanced less 10% reserve requirement and used to offset fees for monthly accounts, transaction cash management and additional banking services.

4. All fees can be offset with the Earning Credit Rate (ECR) in Smart Account Analysis.
